2020 Microsoft Security System Integrator of the Year

Business risks are multiplying—fast

Organizations are accelerating their reliance on third party vendors and partners. Remote workforces are expanding. Data breaches are increasing.

In this environment, you need to know what data you have, where it is, how it's being used, and how to manage the compliance risks across the enterprise. Microsoft 365 has the tools to get the job done—if you know how to leverage the power in the products.

> Privacy, security, and compliance are critical. With Microsoft 365, we have improved our ability to manage security and protect our data and intellectual property.
>
> *– Sherry Neubert, CIO, Goodyear Tire & Rubber Company*

Unlock security and compliance capabilities from the Microsoft 365 licenses you already own

The **Microsoft 365 Everywhere Programs**, delivered by Edgile, are four distinct security and compliance engagements that give you the insights you need to discover, protect and govern your corporate data. Eligible customers may choose one engagement per fiscal year.

The programs are available for a limited time and Microsoft covers all costs.

Security and Compliance Assessment

A one- to two-day engagement that helps you assess the advanced security capabilities of Microsoft 365, Office 365 E5, Enterprise Mobility + Security E5 and/or Windows 10.

Advanced Workloads Proof of Concept

Provides a POC of the advanced capabilities of either Office 365, Windows 10 E5 or Enterprise Mobility + Security E5.

SELECT ONE PROGRAM

Security Proof of Concept

Showcases the value of Microsoft 365 security capabilities across Windows 10 Enterprise, Office 365 and EMS, with a focus on Windows 10 Defender ATP.

Compliance Proof of Concept

Drives proof-of-value and gap execution. Establishes remediation to enable advanced compliance adoption and implementation through scoped data migration into Microsoft 365.

Ready to get started?

STEP ①

Check eligibility requirements

Microsoft 365 Everywhere engagements are open to US managed customers with at least one of the following licenses:

• Office, Windows, or EMS E5/G5
• Microsoft 365 E3/G3/F1/F3 suite
• Microsoft 365 E5/G5 suite.

Eligible customers may request one Microsoft 365 Everywhere engagement per fiscal year. Some exclusions apply.

STEP ②

Contact Edgile

To learn more about how you can get the most from your Microsoft security and compliance investments, please contact the Edgile representative in your area.
